ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

24th EDITION (1971) GUIDE BOOK, PAPER MONEY 6th EDITION,
"TRENDS" AND OTHER AUCTION RECORDS
USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

PATTERN CENTS

As listed in **U. S. Patterns, Experimental & Trial Pieces** by Dr. J. H. Judd. The last edition was published in 1965. A new edition is scheduled to be published this year. A fascinating collection which adds variety and interest to any collection. We note a substantial increase in values from the first (1959) to the second edition and from the second (1962) to third published in 1965. It will be interesting to see what the new Fourth Edition does with the values. It would be a good idea if the Fourth Edition included a section showing comparative values of some from the first to the fourth, as was done in the 1971 Guidebook. Many collectors are interested in the investment possibilities of this limited-issue series.

270. 1854 J-160, Liberty Head, intermediate size between regular large Cent and adopted small Cent. Brown Proof with traces of red. Cat. 1959 @ 22.50; 1962 @ 50.00; 1965 @ 75.00; 1970?
271. 1855 J-167, Large Flying eagle, intermediate size. Brown Uncirculated. Catalogs 1959 @ 25.00; 1962 @ 65.00; 1965 @ 95.00; 1970?

TRANSITIONAL CENTS

Regular adopted designs but struck prior to official adoption for circulation or combination of adopted design with another design adopted later. The 1856 Flying Eagle cent is the "commonest" of these and is now collected with the regular cents. We believe some of the following also belong in a collection of regular cents and have increasingly encountered some in regular collections. This collection was broadened to also include those with slight changes from adopted designs. Truly, an unusual and interesting collection.

272. 1858 J-191 Regular Flying Eagle, Small letters; Regular reverse of 1859 (Laurel Wreath) Glittering Golden Proof! Cat. 1959 @ 250.00; 1962 @ 500.00; 1965 @ 450.00; 1970 ?
273. 1858 J-193 Regular Flying Eagle with small letters, Similar to regular reverse of 1860 but with broader ornamented shield. Golden Proof. ONLY 75 ISSUED compared to the 1856 Flying eagle of which 1000 are said to be issued. Cat. 1959 @ 125.00; 1962 @ \$250.00; 1965 @ 300.00; 1970?

274. 1858 J-198 Regular Flying Eagle, Large Letters; similar reverse to above J-193. Golden Proof. VERY RARE! (R-7-ONLY 4 to 12 KNOWN!) Cat. 1959 @ 60.00; 1962 @ 275.00; 1965 @ 325.00; 1970 ? OBVIOUSLY UNDERVALUED!

TRANSITIONAL CENTS (Cont.)

275. 1858 J-208 Regular Indian Head as adopted in 1859; Regular 1859 Laurel Wreath reverse. Copper-Nickel. Glittering Golden Proof! Cat. 1959 @ 350.00; 1962 @ 425.00; 1965 @ 450.00; 1970?
276. 1858 J-211 Regular Indian Head Type 1859; Reverse type of 1860 with Oak wreath but no shield. Golden Proof. Cat. 1959 @ 47.50; 1962 @ 225.00; 1965 @ 275.00; 1970 ?
277. 1858 J-212 Regular Indian Head Type 1859; Similar to 1860 (oak wreath) but with broader ornamented shield. Brilliant slightly Golden Proof! Cat. 1959 @ 65.00; 1962 @ 450.00; 1965 @ 450.00; 1970 ?

278. 1859 J228 Regular die Indian head; Regular Oak wreath with narrow shield as adopted for 1860. Copper-nickel. Brilliant Proof GEM! Cat. 1959 @ 90.00; 1962 @ 300.00; 1965 @ 300.00; 1970 ? Popular. A premium specimen. Somewhat undervalued.

279. 1862 J-299a Similar to J-299 but **unlisted THICK BRONZE** as in regular **Copper-Nickel**. The owner believes this was struck to test the acceptability of Bronze (at less cost) instead of regular Copper-Nickel with the same thickness of planchet. **Glittering Red and Bluish Proof with WIRE EDGE! Experimental TRANSITIONAL.** Since the normal J-299 (see next lot) catalogs \$500.00, this **EXTREMELY RARE** variety should certainly be worth much more! Acquired in 1966, at which time it was valued at 1500.00. Present value?

280. 1863 J-299 Regular die of 1864 without L on the ribbon. Bronze, Red and Bluish Proof. Cat. 1959 @ 52.50; 1962 @ 300.00; 1965 @ 500.00; 1970 ?

EXPERIMENTAL CENTS

281. 1864 J-255, Regular dies (no L), Thick planchet as in regular Copper-Nickel but struck in composition of 9 parts copper and 1 part aluminum giving it a light colored copper appearance. Brilliant Prooflike surface. **ONLY 15 SAID TO BE STRUCK!** Acquired from a dealer several years ago who valued it then at 500.00
282. 1864 J-356, Regular dies (no L), thin planchet as in regular bronze but struck in composition of 9 parts copper and 1 part tin (closely resembles color of regular Copper-Nickel cents — **MAY BE UNLISTED METAL COMPOSITION**) Brilliant Uncirculated, slightly Prooflike. J-356 has same rarity listing as J-355. Acquired at the same time and with similar valuation of 500.00

1869 MINT ERROR CENT — POSSIBLY UNIQUE LISTED AS DIES TRIAL IN PATTERN BOOK

283. Lot 2197 (May 1959) of the Federal Brand Coin Auction (Michael Kolman); described as: "1869 Cent **STRUCK ON A COPPER NICKEL** Planchet. We believe this one to be erroneously listed in the pattern book as Adams-Woodin No. 826. By some chance a copper nickel planchet happened to stray and become mixed with the regular bronze planchets . . . We believe it to be struck on a foreign copper-nickel planchet, slightly thicker than the usual bronze planchet of this year. The edge is rough; rim has tiny splits caused by the striking pressure of the dies. We have never seen or heard of another struck so, of this particular year. However, should the term **UNIQUE** be wrong, there is no doubt that not more than one or two others could possibly show up. Uncirculated. Should bring well over \$350.00." It realized \$300 there 11 years ago. Judd lists a copper-nickel cent as J-669 and values it (1965) at \$500.00. Brilliant Uncirculated. No matter whether it is called a MINT ERROR as conjectured by Michael Kolman (one of the leading authorities of Mint Errors) or a regular dies trial piece as listed by Dr. Judd, it is certainly most unusual and highly desirable. It is also **AN OUTSTANDING RARITY!** We believe it to now be worth a minimum of 1,000.00

1792 HALF DISME

The first U.S. coin to have any sizable circulation, and PERSONALLY DISTRIBUTED BY GEORGE WASHINGTON!

465. 1792 LIB. PAR. OF SCIENCE & INDUSTRY around female bust (said to be of Martha Washington); Reverse UNI, STATES OF AMERICA HALF DISME around eagle. **NEARLY UNCIRCULATED WITH LOVELY BLUE PATINA**, small nick. Washington, in his message to Congress in November, 1792 alluded to these coins when he stated "A start has been made on coinage". It has been established that Washington donated his silver plate to provide the silver used in making these coins! **IMPORTANT, BOTH HISTORICALLY AND NUMISMATICALLY.** The Uncirculated specimen in the DiBello collection (Stack's 5-70) brought \$4,000.00. This CHOICE specimen worth proportionately.

EARLY HALF DIMES 1794-1805

466. 1794 FLOWING HAIR, Extremely Fine, small nick. RARE SO CHOICE! Catalogs about 1,000.00
467. 1795 Golden UNCIRCULATED with obverse WELL STRUCK (RARE THUS); Reverse Sharper Struck than usual with only top portion of wing not fully struck up (most come struck from worn dies). RARE SO CHOICE! 1,100.00
468. 1796 DRAPED BUST, SMALL EAGLE, LIKERTY TYPE (Caused by a break in the B of LIBERTY). A Very Fine and Sharp specimen with well defined features. RARE 900.00

469. 1797 15 STARS (STATES) A BEAUTIFUL BLUE & SLIGHTLY REDDISH UNCIRCULATED GEM with a GEORGEOUS PROOFLIKE SURFACE! Acquired as: "Probably one of the FINEST KNOWN!" Hair strands in tiny center portion & corresponding portion of eagle's breast not fully struck up (this is the case of every known specimen). We note the Miles "PROOF-LIKE" 1796 specimen (Stack's April 1969 sale) which catalogs only \$75 more than the 1797, realized \$2,700.00. This "ONCE A DECADE SPECIMEN" should realize close to 2,000.00

470. 1805 HERALDIC EAGLE, UNCIRCULATED with natural Golden luster and VERY SHARPLY STRUCK! Only a tiny portion of the Drapery and corresponding cloud on right reverse not fully struck up. Close examination with a glass reveals just the barest trace of rubbing. **Very High among the FINEST KNOWN!** One of the leading authorities on Half Dimes states: "Generally regarded as second rarest issue half-dime! Obverse on almost always weakly struck with details of hair not up. Generally weak upper right reverse . . . About as rare as the 1799/8 cent". While the 1799/8 cent in comparable condition might realize over \$10,000.00, we feel a more realistic estimate of this EXCEPTIONAL Half Dime would be closer to 2,500.00

CHOICE TYPE SET LARGE CENTS; PROOFS, ETC.

817.	1793 S-6, WREATH, Vine & Bars edge, EXTREMELY FINE WITH EVEN BROWN COLOR , granulated surface which seems to occur in a number of 1793 cents, short light scratch on reverse which at first glance appears to be a die break. A NICE SHARP-STRUCK SPECIMEN which is AESTHETICALLY APPEALING! Easily worth over	2,000.00
818.	1793 S-11a, WREATH, Tiny Fraction, No Fraction Bar, Period After AMERICA. Interesting break at edge left of date which Sheldon says is in planchet rather than a die break. Envelope accompanying it states: "Ex A.N.A. Sale \$2,500.00". "Vertical Stem to leaf above date, Vine-Bars edge. ONE OF THE RAREST OF ALL 1793 CENTS! AS CHOICE A ONE AS ANY COLLECTOR COULD HOPE TO OWN! ABOUT UNCIRCULATED. " We have checked the catalogs of the A.N.A. Sales back to 1963 but evidently it is from an earlier sale. Dr. Sheldon's "PENNY WHIMSY" book states: "Clearly R-6 (ONLY 13 TO 30 KNOWN!) ." His " CONDITION-CENSUS " listing includes 2 very fine specimens, therefore this MUST BE HIGH IN "CONDITION-CENSUS" . Should now exceed	5,000.00
819.	1794 S-44, LIBERTY CAP, variety with 4 touching bust, virtually Uncirculated, only barest friction. A lovely SHARP STRUCK specimen with blended brown and bluish color, porous planchet, very slight edge dinge, interesting die break from <i>m</i> N (ONE) above to edge. Sheldon includes 3 extremely fine coins in his " CONDITION-CENSUS ", therefore this must be " CONDITION-CENSUS ". According to Sheldon's formula, this choice coin worth well over	1,000.00
820.	1796 S-84, LIBERTY CAP, very fine with reverse closer to Extremely Fine. RARE DATE.	250.00

821. 1797 S-123, DRAPED BUST, stems, MAGNIFICENT PROOFLIKE GEM WITH LOVELY BLENDED MINT RED AND LIGHT BROWN (TAN) COLOR! So choice it was acquired as a "PROOF". It is indeed sharper than most strikes in large cents but it is not a "proof" as the term is used to apply to coins in the 1860's, etc. This variety is characterized by a small die break under the eye. A remarkable specimen which the present owner couldn't resist when it was offered to him about 6 years ago at \$1,500.00. Choice large cents have more than doubled in value during the intervening years, therefore we feel this remarkable specimen should now exceed 3,000.00
822. 1803 S-252, DRAPED BUST, small date, small fraction, near Uncirculated, sharp (only slight friction) attractive brown color and well-struck! UNDOUBTEDLY, "CONDITION-CENSUS" as Sheldon includes an extremely fine specimen in his listing. According to Sheldon's formula, this should have a value of about 500.00
823. 1809 S-280, CLASSIC HEAD, virtually Uncirculated, only barest friction, porous planchet, bluish-chocolate color. THE FOURTH RAREST DATE LARGE CENT very close indeed to "CONDITION-CENSUS". Should be worth about 1,250.00
824. 1810 S-283, CLASSIC HEAD, very fine. One of the scarcer 1808 dies valued by Sheldon at 50% more than the "common" variety or 97.50
825. 1818 CORONET TYPE, Uncirculated, pleasing brown color. Catalogs 100.00
826. 1817 N-14, 13 Stars, compact date, Uncirculated brown, very faint rub. Cat. 100.00
827. 1837 ELONGATED POINT TO BUST TYPE (listed as separate "type" in Guidebook but type not named) plain hair cord, Large Letters, Uncirculated brown, planchet chip (as made) at ST. in STATES, faint rub. Catalogs unc. 90.00
828. 1838 Uncirculated reddish brown, SHARP STRUCK HAIR, WREATH, ETCETRA! variety with left stars not fully struck up but right stars QUITE SHARP. A pleasing specimen well worth 125.00
- 829.....1841 TIPPED HEAD, SMALL LETTERS (type struck 1840-1843) GLITTERING PROOF! A remarkable specimen from a 1963 auction described: "1841 RED AND BLUE-OLIVE PROOF WITH "SQUARE BORDERS" AND DEEP MIRROR-LIKE SURFACE. A JOY TO BEHOLD! NOTE ONE ADVERTISED IN APRIL (1963) NUMISMATIC SCRAPBOOK (page 1243) AT \$1450.00." One of the neglected MAJOR "TYPES" struck only a short time before being replaced by the "common" Braided Hair type (1843-1857) which is an entirely different type (we feel this oversight in the Guidebook will be corrected soon — just compare these two major types and the difference is immediately obvious). The 1841 cent unc. cataloged \$32.50 in 1963 and present Guidebook lists it at \$110.00. The same ratio of rise in value for this proof places its present value at \$4,350.00. What it will actually bring at this sale will have to be determined by you, the bidder (as stated in the terms of the sale, page 3). Some bring over estimates, although the majority presently seem to bring near or below estimates. It will depend on how strong the "demand" is for the given piece at that time.
830. 1840 Small date, extremely fine, pinpoint nick, some verdigris rev. 27.50
831. 1847 BRAIDED HAIR, "SQUARE" BUST, LARGE LETTERS (entirely different "type" than 1840-43 type) lot 643 of D & W Auction Sale (Ben Douglas of Washington & Tom Warfield of Baltimore) Baltimore, Md. 1961 described: "1847 UNLISTED IN NEWCOMB. A SPECIMEN IMPRESSION STRUCK ON POLISHED PLANCHETS FROM DIES WHICH HAD BEEN REPOLISHED FOR THE OCCASION. Made as an example of the finest work the mint could do. RED WITH FULL PROOF SURFACE. Considered as a presentation coin given to important dignitaries on their visit to the mint. Please refer to lot 303 the Hillyer Ryder Collection sold by New Netherlands June 1954. \$350.00." Surely this remarkable specimen now worth (9 years later) over 1,000.00
832. 1851 Near Uncirculated, brown. Catalogs unc. 62.50

Most specimens we have seen during our 38 years as professionals have been weak struck. ONLY 100 STRUCK 110 YEARS AGO! Of these, how many can still remain in existence, particularly so choice? In strong demand for "Type". The present owner was sufficiently impressed by the rarity and quality that he paid \$1250.00 for it in 1964; surely its present value should be at least	1,500.00
------	--	----------

868.	1872 Legend obverse, Uncirculated, obverse Brilliant, reverse bluish, SHARP STRUCK with Full Head; usual reverse die with small flat spot top left wreath (we believe it may have been caused by a blunt instrument dropping on the die). Cat.	40.00
869.	1867 Brilliant slightly bluish PROOF WITH WIRE EDGE! The SMALLEST REGULAR ISSUE HALF DIME (8,000 plus 625 proofs). Regular (uncirculated) are seldom offered indeed, which causes a strong abnormal demand for proofs. Greatly undervalued. Easily worth over	200.00

CHOICE TYPES DIMES

870.	1796 BRILLIANT SLIGHTLY GOLDEN PROOF SURFACE SHARP STRUCK GEM! A MAGNIFICENT SPECIMEN WITH SHARP STRUCK EDGE DENTICLES AND WIRE EDGE BOTH SIDES! Variety with die break connecting 17 in date. ------	---	----------

871.	1805 HERALDIC EAGLE, 4 berries, UNCIRCULATED GOLDEN, SHARP STRUCK BUST & EAGLE, collar of die appears to have given way slightly resulting in beading of edge not being quite complete. Careful examination with a glass reveals slight granulation of planchet. ONE OF THE CHOICEST & SHARPEST STRUCK SPECIMENS IT HAS BEEN OUR PRIVILEGE TO CATALOG! Really rare so sharp struck. Well worth	850.00
872.	1827 CAPPED BUST TYPE, GLITTERING GOLDEN & BLUISH UNCIRCULATED WITH PROOFLIKE OBVERSE, NEEDLE-SHARP HAIR ON BUST. Acquired several years ago at \$350 (as a "Proof"?); could now exceed	400.00

While the true rarity of this date in "gem" condition in the 25c & 50c is finally being recognized, the rarity of the 10c in "gem" condition is still unappreciated. We believe this remarkable specimen to be a "good buy" at	150.00

CHOICE TYPE QUARTERS

888.	1796 SMALL EAGLE (only year) UNCIRCULATED SHARPLY STRUCK WITH FULL DENTILATION OF EDGES BOTH SIDES, rare variety with Complete Eagle's Head Defined, ATTRACTIVE GOLDEN PATINA, feathers on eagle's breast and leg not defined. RARE & POPULAR. Catalogs a bit low at only \$5,750; we believe it should be over	6,000.00
889.	1805 HERALDIC EAGLE, UNCIRCULATED WITH LOVELY BLUE PATINA, underlying golden "peeping through", SUPERIOR TO MOST "UNCIRCULATED" WITH SHARP MOTTO; while left stars are not as fully struck up as those on right, still they are sharper than usually seen on "Uncirculated", hair on bust sharper than usual (although not as sharp as on the capped-bust type); lower portion of bust (& corresponding portion of reverse) while not fully struck up (die failure?) is sharper than usual. Variety with 5 berries. Acquired over 5 years ago and valued then at \$1,000; probably now worth over	1,250.00

895.	1853 ARROWS & RAYS (only year) UNCIRCULATED BLUISH GOLDEN, USUAL STRIKE. RARE. POPULAR! The "investment potential" is reflected in its rapid (& continued) rise in Guidebook value. 21 Edition \$75; 22 at \$200; 23 at \$275; 24th (current) at \$350.00 Judging from its continuing strong demand, the next edition will probably value it at \$450 or	500.00

CHOICE TYPE HALF DOLLARS

907. 1795 FLOWING HAIR, UNLISTED Variety, similar to Overton 18 but WITHOUT OBVERSE DIE BREAKS, stars on right medium-sharp and not completely flat, heavy reverse break over AME, UNCIRCULATED with just the barest rubbing (old-time "cabinet-friction") on extreme top hair strands, eagle's breast feathers and top of wings. Additional light die break connecting MERI. Overton's illustrated specimen considerably worn, therefore there is some validity to the claim that it is "THE FINEST SPECIMEN KNOWN"! Overton lists this variety as "VERY RARE". 3,000.00
908. 1797 DRAPED BUST, SMALL EAGLE & "1/2", extremely fine with only slight nominal even wear (most come unevenly worn) faint short line evident on close examination, very tiny edge nick. Similar to Overton 1 variety except UNLISTED "DOLLAR" Over Stars on edge. The popularity of this "type" is reflected in the new Guidebook advancing its value \$400 in very fine condition over the previous edition. This choice specimen easily worth at least 6,500.00
909. 1806 LARGE HERALDIC EAGLE, Overton 16 variety, pointed 6, stem NOT through claw, Brilliant slightly golden Uncirculated, ORIGINAL LUSTER, slight rubbing on highest points (the old-time "cabinet-friction"). Another popular "type" who's elusiveness in Uncirculated condition is reflected in the current Guidebook advancing it to \$425.00. We believe this valuation to be a bit conservative as "Uncirculated" specimens have sold at 500.00
910. 1807 CAPPED BUST, 50 Over 20 variety, Overton 26A, UNLISTED Light Clash Marks above date,, virtually Uncirculated with only barest friction on center portion, lovely natural golden & bluish patina. Catalogs unc. 325.00
911. 1825 Re-Designed Bust & Eagle, Overton 10 variety, near Uncirculated. Overton states "RARE". 75.00
912. 1837 REEDED EDGE, "50 CENTS", Brilliant Uncirculated, CHOICE! Rare thus. Easily worth 300.00
913. 1838 "HALF DOL." reverse, Uncirculated golden, choicer than most. 200.00
914. 1839-O Mint Mark Obverse, UNCIRCULATED BLUE & GOLDEN, WIRE EDGE, SHARP STRUCK GEM! A most remarkable specimen of this rarity. Acquired 1967 at \$480; now easily worth 750.00
915. 1839 LIBERTY SEATED, NO DRAPERY, virtually Uncirculated, only barest friction, Brilliant slightly golden, nice sharp borders. A lovely specimen of this popular "type" of this "3 type year (Bust, No Drapery, With Drapery)" struck only a few months of the single year. RARE. Have seen a bit sharper specimen at the 1970 A.N.A. Convention in St. Louis priced 500.00
916. 1840 DRAPERY ADDED TO ELBOW, tiny (micro) date, tiny letters, small (medium-size) eagle, GLITTERING BLUISH GOLDEN PROOF SURFACE WITH RAISED BORDER & WIRE EDGE BOTH SIDES! Re-Engraved Date. Acquired as "PROOF", we prefer to call it a "SPECIMEN STRIKE". It is "Two-toned" as in proofs of the 1860's and appears to have been struck from polished dies on a polished planchet. Perhaps it is an "Original Proof" made in 1840, rather than a restrike with wider edge and "deeper" polished planchet (generally done 1858-59 period). A remarkable specimen. By coincidence, we noted a similar specimen at the 1970 A.N.A. Convention (August) marked "PROOF" and priced 750.00. We will dispense with the accompanying remarks he had as to its "Rarity", "Desirability", "Investment Potential", etc. It is difficult to evaluate what this specimen will bring in this era of strong demand for "Top Grade" "type" coins.
917. 1840 REVERSE 1838 with LARGER LETTERS (medium-size) & Different Type Eagle, virtually Uncirculated, only barest friction, lovely bluish patina. RARE, PARTICULARLY SO CHOICE! Easily worth 250.00

\$5 GOLD, CHOICE TYPE SET

960.	1795 15 STARS (states) SMALL EAGLE, very close indeed to the "Uncirculated" for which acquired. Close inspection with a glass reveals that the curl back of Liberty's ear and the eagle's breast feathers are not fully struck up, also a pinpoint edge dinge .A bit choicer than the Miles specimen (Stack's Oct. 1968 sale) which realized \$1,800.00. The present catalog seems a bit low at only \$1,900 for E. F. and unc. at only \$2,500 should be closer to	2,750.00
961.	1803 Over 2, 8X5 STARS, LARGE HERALDIC EAGLE, Uncirculated with some prooflike surface, slight yellow patina. Catalogs a bit low at only	750.00
962.	1806 7X6 STARS (modified type to conform to silver) round top 6, Uncirculated with yellow patina. RARE. This short-lived type struck only the latter part 1806 and early 1807!	850.00

964.	1814 Over 13, LARGER "SQUARE" HEAD, BRILLIANT UNCIRCULATED, CHOICE! Unlisted variety with re-engraved "D" in 5D. Breen in his "Early U.S. Half Eagles" monograph states "Only one die variety known" but we believe this to be an unlisted reverse die. He also states "I CAN ACCOUNT FOR ABOUT TWENTY SPECIMENS IN ALL!" This makes 1814 date ONE OF THE MOST UNDERVALUED DATES IN THE ENTIRE \$5 GOLD SERIES! Compare this to 1823 which Breen states "I have seen about 24 specimens and can well believe that there are double that number around"! The 1823 catalogs \$2,000; surely this RARER 1814/13 should be worth at least as much

973.	1841-D Uncirculated with attractive patina. RARE! Superior to most specimens offered the past decade or so. Easily worth over	350.00
974.	1844-O LARGER DATE, EAGLE & LETTERS, near Uncirculated, traces of luster. Cat. unc.	225.00
975.	1845-D Brilliant Uncirculated, SHARP STRUCK, only a very short light mark in field keeps us from using superlatives. The "About Uncirculated" Miles specimen (Stacks Oct. 1968 sale) realized \$290; surely 2 years later this superior specimen should be worth over	350.00

PROOF 1836 FLYING EAGLE DOLLAR

1112.	1836 Liberty Seated. No Stars, FLYING EAGLE REVERSE amid field of 26 stars (states), plain edge. GLITTERING BLUISH GOLDEN PROOF! Acquired 1963 at its then catalog value of \$900; its continued popularity is indicated by doubling in its value to the present \$1,900.00. We feel sure the current strong demand will continue this trend in value in future years.

1119.	1857 BRILLIANT SLIGHTLY BLUISH PROOF, WIRE EDGE GEM! A MAGNIFICENT SPECIMEN OF THIS RARITY! The true rarity of this is well known by advanced collectors and the older dealers. One of the few occasions when we have seen a specimen advertised was in the page ad of a leading California dealer on page 19 of the Sept. 30, 1970 Coin World wherein proofs of dollars (and other denominations) were offered at discounts from catalog but the 1857 dollar was one of the very few exceptions; his asking price was 1,350.00. We fully agree with him as to the rarity of this date in proof, particularly in this remarkable state of preservation.

-------	---	----------

1121.	1859 BRILLIANT SLIGHTLY BLUISH PROOF, WIRE EDGE GEM! A greatly underrated coin as a number of proofs were melted; in addition, some were "spent" in the 1930's when proofs sold at very little premium over face. Well worth	500.00
1122.	1860 GLITTERING BLUISH PROOF. The same fate befell this date as the 1859; we believe about the same number exist of this date as the 1862-63-64-65 dates which catalog	425.00
1123.	1861 GLITTERING BLUISH GOLDEN PROOF. The same is true for this date as for the 1859-1860 dates; and we believe it is as rare as the 1862-63-64-65 which catalog	425.00

1154. 1895 GLITTERING BLuish GOLDEN PROOF! CATALOGS \$4,750.00. We note a page ad (page 19) of 9/30/70 Coin World offering proofs at varying discounts from catalog. The 1895 was contained therein as "The King of the Morgan dollars" and priced \$4,695.00. This specimen was acquired 1963 at its then catalog value of \$1,500; its current catalog value is \$4,750.00. It will be interesting to see what the new Guidebook will value it at when it appears this Summer (Winter is the time when dealers are asked to submit valuation changes for the coming guidebook). We feel its popularity will continue as the "key" coin of the dollar set.

1163.	1904 BRILLIANT PROOF, GEM! AS PERFECT AS THE DAY IT WAS STRUCK! Only 650 struck but very few could have survived approaching this pinnacle of loveliness (please excuse the cataloger for the superlatives but after seeing so many "restored" and "processed" coins, it is a distinct pleasure to catalog a specimen in such pristine state of preservation). Easily worth over	350.00

1164. 1921 GLITTERING GOLDEN PROOF, differently manufactured than the above proofs. It does not have quite the "depth" of proof surface, nor the sharp edge of the above proofs. Acquired 1963 at its then catalog value of \$190 (the 1895 cataloged then at \$1,500). The present Guidebook has a "---" in place of its value. Similar specimens in more recent years have sold at \$350 to

Consignment C — Nevada

1796 SMALL EAGLE DIME — CHOICE

1419.	1796 SMALL EAGLE, near Uncirculated with luster but close inspection with a glass reveals some light lines. RARE! Catalogs \$2,450 unc., this specimen probably worth close to	2,000.00
-------	--	----------

1798/97 16 STARS "TYPE" DIME — CHOICE

1420.	1798 OVER 97, 16 Stars Reverse. Heraldic Eagle, GLITTERING BLUISH GOLDEN UNCIRCULATED, SHARP STRUCK! THE CHOICEST SPECIMEN WE CAN RECALL SEEING OF THIS RARE "TYPE" COIN! The only year with the 16 stars reverse (for states). Acquired nearly two years ago at \$1,650.00. We note a choice specimen in the Merkin sale of April, 1966 realized \$1,350.00. This specimen probably now worth over	1,750.00
-------	---	----------

1798/97 13 STARS REVERSE — CHOICE EXTREMELY RARE

1421.	1798 OVER 97, 13 STARS REVERSE, EXTREMELY FINE AND SHARP WITH LUSTER, some "file marks" on reverse. ONE OF THE RAREST OF THE ENTIRE DIME SERIES! IN A CLASS WITH THE 1894-S DIME AS TO RARITY (R-7)! We have seen an estimate of "Possibly a half dozen or so known" to "7 or 8 may exist" by leading authorities. CERTAINLY, IT IS AMONG THE TOP RARITIES OF THE ENTIRE DIME SERIES! Acquired about 2½ years ago at \$2,750; probably now worth over	3,000.00
-------	---	----------

1798 SMALL 8 DIME — EXTREMELY RARE

- ✓ 1422. 1798 SMALL 8, perfect date, about very fine (pinpoint nick and a few faint lines visible under a glass). **EXTREMELY RARE! "ALSO A RARITY 7 ITEM, THOUGH ONE OR TWO MORE ARE KNOWN OF IT THAN OF THE PRECEDING 1798/97 13 STARS REVERSE"**! Acquired some years ago as **"THE FOURTH RAREST DIME OF ALL THE DIMES IN THE GUIDEBOOK"**! In checking our records of the thirty-eight years we have been professional numismatists, we are inclined to accept this statement as to its rarity. In checking some of the few offered over the years, we found several were not the "small 8" variety. Since so few are offered, any price listed in the references must be theoretical. We believe the owner paid a "fair price" for this rarity when he acquired it at \$1,500.00. Present value?

1805, 1807 HERALDIC EAGLE DIMES

1423. 1805 UNCIRCULATED, Brilliant slightly golden obverse, glittering golden reverse, 4 berries variety, choicer than most we have seen. Popular for "type". We note a similar specimen offered not too long ago at 800.00
1424. 1807 UNCIRCULATED, last year of type. Interesting clashed dies variety with light impression of leaves in right obverse field. **SHARPER STRUCK THAN MOST WE HAVE SEEN**, bust and "Liberty" quite sharp, right stars fairly well struck up even though not fully defined, left stars not as well struck up although better defined than on most specimens we have seen over the years. **SHARP STRUCK REVERSE** although "United" is not fully struck up (still, it is much sharper than on most specimen we have seen). Attractive brilliant slightly golden color. An exceedingly difficult coin to obtain this choice! Easily worth 850.00

CAPPED BUST DIMES 1809-1837

1425. 1820 Variety with **STATESOFAMERICA** as one word, **UNCIRCULATED BLUISH GOLDEN!** A lovely specimen of this rarity. 300.00
1426. 1821 Large Date, glittering bluish **UNCIRCULATED**, choicer than most seen. 200.00
1427. 1821 Small date, near Uncirculated with only slight friction, lovely bluish golden patina. **Much rarer than Large Date variety.** Catalogs much too low unc. at only 180.00

1428. 1823 Over 2, small E's. **GLITTERING BLUISH PROOFLIKE, SHARP STRUCK WITH FULL EDGE DENTICLES AND WIRE EDGE! VERY RARE THUS!** 500.00

1429. 1829 Type change to beaded edge border, **GLITTERING GOLDEN PROOF!** Well worth 500.00
1430. 1831 Uncirculated bluish golden. Scarce. Catalogs 145.00
1431. 1832 Glittering bluish **UNCIRCULATED WITH PROOFLIKE SURFACE, SHARP STRUCK GEM!** 275.00

1434. 1835 **GLITTERING BLUE PROOF WITH RAISED EDGE BOTH SIDES!** 500.00

1440.	1840 Uncirculated golden. Catalogs	55.00

1841 NO DRAPERY DIME SECOND RAREST DIME!

1441. 1841 **NO DRAPERY**, very good. Evidence of some die failure as the date is not as sharp as balance of obverse.... UNITED on reverse and "I" of DIME also weak. Acquired 1965 as "**SECOND RAREST U.S. DIME**" at \$1,000.00. We have checked the "name" sales of the last 20 years and cannot find where any have been offered! These sales have contained the 1894-S and all other outstanding dime rarities listed in the Guidebook. We are therefore inclined to accept the statement that **THIS IS THE RAREST DIME LISTED IN THE GUIDEBOOK NEXT TO THE UNIQUE 1873-CC NO ARROWS!** Literally, "A CHANCE OF A LIFETIME"! We hesitate to place a current valuation on this extreme rarity since no collection of dimes can be complete without it!

Consignment D — Louisiana

1794 SILVER DOLLAR

- 1848.—1794 EXTREMELY FINE, attractive bluish golden patina. As stated by Bolender in his book "The U. S. EARLY SILVER DOLLARS 1794-1803", "Usually found with the impression weak on lower part of date and the stars on left, and sometimes the border milling on left does not show up. The corresponding portion of reverse, especially the word STATES, will therefore also appear weak." There is a difference of \$2,500 in the catalog value of fine to very fine, therefore this extremely fine specimen should certainly have a catalog value of at least 8,000.00

1795 FLOWING HAIR DOLLARS

1849. 1795 B-5, Three leaves beneath each wing, sharply struck. Obverse stars, letters and date have only very slight friction but the center hair strands are not as sharp as the top hair strands (seems typical of practically all these early silver dollars). The reverse is close to Uncirculated with only the barest friction on the center of the eagle; luster with attractive patina. The 1969 revised edition of Bolender's book values this variety at \$900 ex. fine and \$2,000 unc., therefore we feel this specimen presently worth about 1,250.00

1850. 1795 B-9, Two Leaves, near Uncirculated, some luster. A criterion of the B-9 variety is that it is struck on a granular planchet. VERY RARE! Catalogs (1969 Bolender) ex. fine \$1,100 and unc. \$2,500.00. This specimen now worth about 1,750.00

DRAPED BUST, SMALL EAGLE DOLLARS 1795-98

1851. 1795 B-14, 15 Stars (states), variety with bust centered to left as pictured in Guidebook. Near Uncirculated with only top half strands and high point of collar (obverse) and eagle's breast (reverse) showing some wear, balance of coin has only barest friction. Undervalued at its low catalog of only \$1,850 unc. as there are several records of somewhat higher prices realized.
1852. 1795 B-15, Bust in center variety ("naked-eye" variety deserving of separate listing in Guidebook) very fine and sharp (75% of coin would actually grade extremely fine). Rarer than above B-14 variety. Catalogs (Bolender 1969) v.f. \$600 and ex. fine \$1,000; surely this choice specimen worth over 750.00
1853. 1796 B-2, 15 Stars (states) small date, small letters, variety with Wide Date, near Uncirculated with luster, only slight friction. **RARE VARIETY.** Rarer than the B-1 (the usual small date, small letters variety offered), which catalogs (Guidebook) unc. at 1,600.00
1854. 1796 B-4, Small date, Large Letters, borderline very fine. Catalogs (1969 Bolender) v.f. 450.00
1855. 1797 B-1, 16 STARS (9X7), Large Letters, additional star for new state of Tennessee, very fine date, stars & Liberty with bust fine, small planchet flake above head (as struck) giving it a "spiked head" appearance. Very fine eagle with balance of reverse (legend, wreath, etc.) actually being extremely fine, traces of luster. **THE LOWEST ISSUE (BY FAR) YEAR OF EARLY DOLLARS 1795-1803!** Probably worth very fine price of 525.00
1856. 1797 B-2, 9X7 Stars obverse, **SMALL LETTERS** reverse. Date. Stars, Liberty very fine with bust fine; legend and wreath about very fine with typical die failure causing eagle to be weakly and resulting wear bringing eagle down to a very good grade. **THE SMALLEST NUMBER STRUCK AND THE FEWEST SPECIMENS KNOWN OF ALL VARIETIES EARLY DOLLARS LISTED IN GUIDEBOOK 1794-1803** (yes, fewer known than 1794)! Catalogs low at only \$425 v.g. \$550 fine, \$1,100 v.f. We feel this **GREAT RARITY** worth at least 650.00
1857. 1797 B-3, Stars **CHANGED** to 10X6, similar to star arrangement of \$10 gold of 1797, **UNCIRCULATED BLUISH GOLDEN**, some short light "mint equalization" marks (done at mint to bring coin down to its proper weight and save the cost of melting and recoining), as usual, the feathers of the eagle's breast are not fully defined. **ONLY HALF AS MANY STRUCK AS THE 1797 B-1 VARIETY!** Both are major varieties listed in the Guidebook. The B-1 catalogs unc. \$1,800, therefore this great rarity surely worth over...2,500.00
1858. 1798 B-2, 15 Stars obverse combined with small eagle & small letters reverse. An emergency issue made by placing the date on an unfinished die of 1796 (15 stars; die changed to 16 stars for 1797) and the discarded reverse die of 1795, 1796 (same die used for the emergency order of 1797 which resulted in B-2 (small letters) and again discarded.) The emergency of early 1798 forced its resurrection and use for the limited issue until the new Heraldic reverse was ready. In all four years of its limited use (1795-96-97-98) the central portion of the eagle is not fully struck up (this, of course, is also true of this specimen). **This is a nice extremely fine specimen with traces of luster. VERY RARE THIS CHOICE!** We have yet to see a strictly uncirculated specimen, therefore the \$1,750 valuation of "unc." must be theoretical. This specimen well worth 1,000.00
1859. 1798 B-1a, 13 Stars obverse (adding a star for each new state would present problems, therefore the design was changed in 1798 for all U.S. coins to bear 13 stars thereafter.) The new Heraldic Eagle reverse was not yet ready for this new type obverse, therefore the **small eagle, Large Letters** reverse of 1797 was pressed into service for this limited issue. **VERY RARE (Bolender).** Very fine with tiny edge nick. Catalogs a bit low at only 425.00

HERALDIC EAGLE DOLLARS 1798-1803

1860.	1798 B-6, KNOB 6, very close to "Uncirculated" with only very slight friction, some not too noticeable "mint adjustment marks" (done at mint to bring coin down to its proper weight). RARE VARIETY IN VERY RARE CONDITION! The "commonest" 1798 knob 9 variety catalogs unc.	950.00
1861.	1798 B-20, Only 10 Arrows (& a "stick") fine. RARE variety (R-4).	225.00
1862.	1798 B-15, Wide Date, 13 Arrows, 5 berries (small), spur on 9, only very slight friction keep sit from being strictly uncirculated, much luster. Catalogs unc.	900.00
1863.	1798 B-30, Close Date, High 8, near Uncirculated, some luster. VERY RARE VARIETY (R-5).	850.00
1864.	1798 B-9, Close Date, 12 ARROWS, 5 berries, extremely fine. A choice specimen with traces of luster. INTERESTING SPECIMEN as it has more die breaks than the usual B-9 but not all the breaks listed for B-9a. VERY RARE. Both B-9 and B-9a are listed as RARITY 4, therefore this specimen should certainly be a rarity! B-9 IS THE ONLY VARIETY LISTED (of 1798) WITH 12 ARROWS ONLY! Undervalued in the Guidebook as a major listed variety .Well worth	500.00
1865.	1798 B-8a, Close Date, 4 LARGE BERRIES IN BRANCH (the Only 4-berry reverse of the year! extremely fine, traces of luster. B-8a is struck from a shattered reverse die, causing numerous interesting breaks, and a swelling of this reverse die. This, in turn, resulted in the eagle's head being slightly higher, causing it to wear more than the rest of the surface .VERY RARE (Rarity 5.)	475.00
1866.	1799 OVER 8, B-1, Rev. With 13 Stars, variety with DOTTED I in AMERICA, very close indeed to "Uncirculated" with only the barest trace of friction, attractive bluish golden patina. VERY RARE (R-5). Catalogs low unc. at only	925.00
1867.	1799 OVER 8, B-3, Rev. With 15 Stars (points of first & last stars "peep-out" from the clouds). Near Uncirculated with DEEP SHARP MILLING AROUND BOTH EDGES, struck from slightly dished dies resulting in the eagle's right wing having a bit more friction than the rest of the coin, much luster. VERY RARE (R-5). Catalogs somewhat low unc. at only	925.00

1868. 1799 B-6a, First star smaller than others, **BRILLIANT BLUISH GOLDEN UNCIRCULATED, SHARP STRUCK GEM! A FANTASTIC SPECIMEN WHICH MUST BE SEEN TO BE BELIEVED!** The envelope containing it (a leading N. Y. dealer) is marked "B-6-R-5; B-6a-R-7 (only 4 to 12 known). Ex: Clark, Green, this is lot 630 of N.N. 48th Sale 11/24/56 & it was sold then as B-6a - which it is, BUT BOLENDER DOESN'T LIST." From what records we could find, **THIS IS - BY FAR - THE "FINEST-KNOWN" SPECIMEN OF THIS GREAT RARITY!** If this were a "common" variety (R-1) of 1799, we value this "DREAM COIN" at \$2,000 but since it is the **"FINEST KNOWN" OF THIS EXTREMELY RARE VARIETY, WE FEEL IT IT SHOULD BE WORTH \$3,500.00.** Whether you are a collector of varieties, or just types, we feel this is literally, "A Chance Of A Lifetime". Interested collectors may request to see this "beauty" for prior examination before bidding.

1869.	1799 B-14a, Unlisted slanting die break through second T in STATES, UNCIRCULATED bluish with faint golden intermingled, close examination with with a glass reveals very faint rubbing. It is seldom indeed when a choice, sharp uncirculated specimen of these Large early dollars is offered. The old-time collections were mainly housed in coin cabinets (before the invention of coin albums and holders) and many of the drawers were lined with velvet. When these drawers were opened, many times the inertia would carry the coin forward resulting in what the older catalogers described as "cabinet friction" (rubbing). A choice, well struck specimen of this RARITY! B-14 is listed as Rarity 4, which makes this specimen VERY RARE. The "commonest" (R-1) 1799 is valued at \$825 in the Guidebook, therefore this RARITY should certainly be worth well over	1,000.00
